Off-Peak	\$0.20106	\$0.19561	\$0.19561	\$1.35561		\$0.19212

<sup>1</sup> Available Options pending eligibility & customer demand.

<sup>2</sup> Event Day Energy Charges apply from 11 AM to 6 PM when Reduce Your Use (RYU) events are called which can occur any day of the week year-round. The Event Day energy charge equals the Non-Event Day energy charge plus the \$/kWh RYU Event Period Adder (\$1.17 for Secondary and \$1.16 for Primary).

<sup>3</sup> Basic Service Fee will be determined each month based on the customer's maximum annual demand. If unavailable or less than 50% of 15-min. interval data is available, demand will be calculated by dividing total kWh by number of days in the billing period times 24 hours.

<sup>4</sup> Total Energy Charge includes UDC, DWR-BC, EECC, and DWR Credit charges.
