SDG&E PROCESS FLOW – 3rd PARTY HAN DEVICE COMPATIBILITY AND VALIDATION TESTING

Manufacturer submits forms to HANvalidation@semprautilities.com

↓

SDG&E reviews submission for completeness

→

Check Zigbee Alliance on SEP certification

↓

Mandatory requirements met?

→ **NO** → SDG&E contacts manufacturer regarding missing requirements → Manufacturer has submitted all mandatory requirements to SDG&E

YES

↓

Email manufacturer (copy 3rd party tester) to mail all devices directly to 3rd party tester

→

3rd party tester performs interoperability and security testing

→ **DEVICE FAILED 3RD PARTY TESTING** → 3RD party tester notifies manufacturer and SDG&E of the results, and informs manufacturer of next steps

DEVICE PASSED 3rd PARTY TESTING

↓

3RD party tester submits results to SDG&E first for Information Security's review

→

HAN IS reviews results - additional security testing needed?

→ **YES** → Additional security testing performed by IS → **PASSED** → SDG&E notifies manufacturer → SDG&E publishes the validated device on www.sdge.com/han website

NO → SDG&E notifies manufacturer
