Application of SAN DIEGO GAS & ELECTRIC)	
COMPANY (U 902 E) For Authority To)	Application No. 11-10-002
Update Marginal Costs, Cost Allocation)	(Filed October 3, 2011)
And Electric Rate Design.)	
_____)	

**AMENDED APPLICATION OF SAN DIEGO GAS & ELECTRIC
COMPANY (U 902 E) FOR AUTHORITY TO UPDATE MARGINAL COSTS,
COST ALLOCATION AND ELECTRIC RATE DESIGN**

Pursuant to California Public Utilities Code¹ § 454, Commission Rules 2.1-2.3 and 3.2, San Diego Gas & Electric Company (SDG&E) hereby submits this *Amended Application For Authority To Update Marginal Costs, Cost Allocation And Electric Rate Design*, effective January 1, 2013 (Application). SDG&E submitted an initial application opening this docket on October 3, 2011 (October 3, 2011 Application), in accordance with the schedule adopted in the Commission’s Rate Case Plan set forth in D.89-01-040 (*modified* by D.07-07-004) and extended by letter dated July 20, 2011 from Commission Executive Director Paul Clanon. This amended Application is timely filed in accordance with the January 18, 2012 *Assigned Commissioner’s Scoping Memo and Ruling* (ACR).

I. OVERVIEW OF APPLICATION

This Application submits “Phase 2” of SDG&E’s 2012 Test Year General Rate Case (GRC). Phase 1 of the GRC is currently being litigated in A.10-12-005, filed December 15, 2010. The Application presents the traditional elements of a GRC Phase 2 type proceeding: electric marginal costs, marginal cost revenue responsibility, revenue allocation and rate design.

In addition, the Application offers testimony proposing (1) a monthly Basic Service Fee that would apply to all residential customers’ bills to collect a portion of the fixed distribution costs that SDG&E incurs to provide service to every residential customer, regardless of their electricity consumption; (2) a program whereby residential customers can choose to pre-pay their bills, and (3) a new Tariff Rule 20D to facilitate converting overhead facilities to underground for fire safety purposes.

¹ All statutory references herein are to the California Public Utilities Code, unless otherwise noted.

The October 3, 2011 Application also included testimony supporting a Network Use Charge (NUC) for all customers to more accurately recover costs based on a customer's actual use of the distribution system. The ACR determined the NUC to be out of the scope of this proceeding and ordered SDG&E to revise its October 3, 2011 Application and supporting testimony to exclude the NUC from SDG&E's rate design proposals. Accordingly, SDG&E hereby submits this Application removing the NUC from its rate design proposals in accordance with the ACR. This Application thus replaces and supersedes the October 3, 2011 Application.

II. SUPPORTING TESTIMONY

In support of the Application, SDG&E concurrently serves the prepared direct testimony of the following witnesses, organized by Chapter as shown:

Chapter 1: (Chris Yunker) describes how the rate design policy proposals incorporate policy objectives;

Chapter 2: (Cynthia Fang) describes electric revenue allocation and rate design;

Chapter 3: (William G. Saxe) applies the marginal cost to derive revenue allocations;

Chapter 4: (William G. Saxe) describes certain "clean up" adjustments to SDG&E's electric tariffs and customer bills;

Chapter 5: (David T. Barker) describes the results of commodity cost studies and associated proposals;

Chapter 6: (Robert M. Ehlers) describes the results of distribution cost studies;

Chapter 7: (Robert M. Ehlers)² describes the results of street lighting cost studies and associated rate design proposals;

Chapter 8: (Rick Gardner) describes SDG&E's proposed Rule 20 D, designed to facilitate undergrounding distribution lines for fire safety purposes; and

Chapter 9: (David W. Cheng) describes SDG&E's proposed optional Prepay Program.

All references to testimony herein are to the foregoing.

² For the October 3 Application, Susan M. Claffey supported prepared direct testimony regarding this subject matter. Mr. Ehlers replaces Ms. Claffey as the witness supporting testimony for this Application. Mr. Ehlers' testimony remains substantially the same as Ms. Claffey's previously served testimony.

III. EFFECT ON DISTRIBUTION AND COMMODITY REVENUES AND RATES

If approved, SDG&E's Phase 2 proposals would maintain the distribution and commodity revenue requirements collected through the distribution and commodity rates effective January 1, 2013 – as adopted in A.10-12-005, and discussed in this Application by the testimony of Cynthia Fang (Chapter 2). Pursuant to Commission Rule 3.2(a)(2) and (3), Appendix B of this Application includes a statement of SDG&E's present and proposed electric rates.

IV. INTRODUCTION TO NEW RATE PROPOSALS

In addition to updating marginal costs and revenue allocation, this Application introduces three new proposals: a monthly Basic Service Fee, a Prepay Program option, and a proposed Tariff Rule 20 D. Details of these proposals can be found in the testimony of Chris Yunker, Cynthia Fang, David W. Cheng, and Rick Gardner.

A. A Monthly Basic Service Fee Will Replace the Current Minimum Bill

Currently, SDG&E residential customers are subject to a minimum bill charge on a per-day basis. For SDG&E's standard residential rate schedule, Schedule DR, this charge is currently \$0.17/day, or approximately \$5.10 for a 30-day month. SDG&E proposes to replace this existing minimum bill charge with a monthly Basic Service Fee of \$3. The introduction of the Basic Service Fee will reduce the residential Tier 1 energy rates to ensure compliance with Section 739.9. SDG&E proposes that this change apply to all residential customers, excluding master-metered customers. Like the current minimum bill, the Basic Service Fee is designed to recover part of the costs that SDG&E incurs to provide service to every residential customer, without regard to their electricity consumption. Support for this fee is offered in the testimony of Chris Yunker (Chapter 1) and Cynthia Fang (Chapter 2).

B. The Proposed Prepay Program is Backed by Substantial Research

The testimony of David Cheng (Chapter 9) describes SDG&E's proposed optional Prepay Program. Mr. Cheng describes how a customer would benefit from choosing the Prepay Program over traditional post-pay service, citing examples such as: (1) a customer would not be required to pay a two-month deposit in order to establish service; (2) a customer would not need to pay off prior bad debt before establishing new service; (3) a customer would not be charged a disconnect or reconnect fee; and (4) the program offers flexible payment amounts, several payment methods and potential energy savings. Mr. Cheng further describes how similar programs offered by other utilities show substantial customer satisfaction with a cost-free option

to prepay for electric and gas service. His testimony details SDG&E's Prepay Program policies including eligibility, bad debt procedures, disconnection and reconnection policy, account management and notifications.

For an initial period of three years ending December 31, 2016, SDG&E will limit Prepay Program election to no more than 1% of the customers per year. SDG&E proposes to conduct a comprehensive study of the Prepay Program's implementation as part of the next GRC Phase 2 proceeding and to recommend at that time whether the program should proceed. If the Prepay Program is well received by customers, SDG&E would then propose to remove the adoption rate limit effective January 1, 2017.

C. Proposed Tariff Rule 20D Will Facilitate Undergrounding for Fire Safety

SDG&E seeks Commission approval to amend Tariff Rule 20 to help reduce wildfire risk in those cases where undergrounding is preferable to other system-hardening measures. The firestorms of 2003 and 2007, which devastated San Diego County and severely damaged SDG&E's rural electric distribution system, were driven by Santa Ana wind conditions. The trend of development in and along SDG&E's Fire Threat Zone increases the risk of wildfire damage. SDG&E uses a portfolio of engineering options to protect the overhead electric distribution system in high fire threat areas and reduce the possibility that our overhead lines could be involved in an ignition. While SDG&E can currently engage in undergrounding projects without a change to Tariff Rule 20 through the process normally used for capital construction, the proposed Tariff Rule 20D would assist in implementing projects that have the potential to further mitigate wildfire risks in several ways, including:

- Improved communications and input from the public, municipalities, and local fire agencies in prioritizing projects;
- Annual reporting on project status and costs;
- Commission-authorized equitable apportionment of projects among impacted municipalities;
- Improved coordination with municipal infrastructure projects;
- Higher priority for project funding due to public schedule visibility and community participation.

V. STATUTORY AND PROCEDURAL REQUIREMENTS

A. Category, Need for Hearings, Issues and Schedule - Rule 2.1(c)

1. Category

The ACR categorized this proceeding as “ratesetting.”

2. Need for Hearings

The ACR scheduled evidentiary hearings.

3. Issues to be Considered

The ACR describes the issues to be considered in this proceeding.

4. Proposed Schedule

The ACR has set forth a schedule.

B. Authority - Rule 2.1

This Application is filed pursuant to P.U. Code § 454, and in compliance with the ACR and the Commission's Rules of Practice and Procedure. This Application is in accordance with the schedule adopted in the Commission’s Rate Case Plan set forth in D.89-01-040 (*modified by* D.07-07-004).

C. Corporate Information and Correspondence - Rules 2.1(a) and 2.1(b)

SDG&E is a corporation organized and existing under the laws of the State of California. SDG&E is engaged in the business of providing electric service to portions of southern Orange County and electric and gas service throughout San Diego County. The exact legal name of the Applicant is San Diego Gas & Electric Company. The location of Applicant’s principal place of business is 8306 Century Park Court, San Diego, California. SDG&E’s attorneys in this matter are Laura M. Earl and E. Gregory Barnes.

D. Organization and Qualification to Transact Business – Rule 2.2

A certified copy of SDG&E's Restated Articles of Incorporation, as last amended, presently in effect and certified by the California Secretary of State, was previously filed with the Commission on August 31, 2009, in connection with SDG&E's Application No. 09-08-019, and is incorporated herein by reference.

E. Balance Sheet and Income Statement – Rule 3.2(a)(1)

SDG&E's Balance Sheet, Income Statement and Financial Statement for the nine-month period ending September 30, 2011 are included in Appendix A.

F. Rates - Rules 3.2(a)(2) and 3.2(a)(3)

The rate impacts for SDG&E that will result from this Application are described in detail in Cynthia Fang's testimony (Chapter 2) supporting this Application. A Statement of SDG&E's Present and Proposed Rates is included in Appendix B.

G. Property and Equipment - Rule 3.2(a)(4)

A general description of SDG&E's property and equipment was previously filed with the Commission on October 5, 2001, in connection with SDG&E's Application No. 01-10-005 and is incorporated herein by reference. A statement of Original Cost and Depreciation Reserve for the nine-month period ending September 30, 2011 is attached as Appendix C.

H. Summary of Earnings - Rules 3.2(a)(5) and (6)

SDG&E's Summary of Earnings for the nine-month period ending September 30, 2011 is included in Appendix D.

I. Depreciation - Rule 3.2(a)(7)

For financial statement purposes, depreciation of utility plant has been computed on a straight-line remaining life basis, at rates based on the estimated useful lives of plant properties.

For federal income tax accrual purposes, SDG&E generally computes depreciation using the straight-line method for tax property additions prior to 1954, and liberalized depreciation, which includes Class Life and Asset Depreciation Range Systems, on tax property additions after 1954 and prior to 1981. For financial reporting and rate-fixing purposes, “flow through accounting” has been adopted for such properties. For tax property additions in years 1981 through 1986, SDG&E has computed its tax depreciation using the Accelerated Cost Recovery System. For years after 1986, SDG&E has computed its tax depreciation using the Modified Accelerated Cost Recovery Systems and, since 1982, has normalized the effects of the depreciation differences in accordance with the Economic Recovery Tax Act of 1981 and the Tax Reform Act of 1986.

J. Proxy Statement - Rule 3.2(a)(8)

A copy of SDG&E’s most recent Proxy Statement, dated April 27, 2011, as sent to all shareholders of SDG&E’s parent company, Sempra Energy, was provided to the Commission on May 4, 2011, and is incorporated herein by reference.

K. Pass Through of Costs - Rule 3.2(a)(10)

This Application reflects and passes through to customers cost and revenue requirement requests for increased costs to SDG&E for services or commodities furnished by it, as described herein.

L. Service and Notice - Rule 1.9

SDG&E is serving this Application in accordance with the procedures set forth in the ACR and the Commission’s Rules on all parties in this proceeding, docket A.11-10-002. Within twenty days of filing, SDG&E will mail notice of this Application to the State of California and to cities and counties served by SDG&E (in accordance with the service list provided in Appendix E), and SDG&E will post the notice in their offices and publish the notice in newspapers of general circulation in each county in their service territory. In addition, within forty-five days of filing, SDG&E will include notices with the regular bills mailed to all customers affected by the proposed rate changes.

VI. CONCLUSION

SAN DIEGO GAS & ELECTRIC COMPANY requests that the Commission 1) authorize the various rate design and revenue allocation proposals described above; 2) authorize

SDG&E to implement the rates as proposed herein; and 3) grant such additional relief as the Commission believes is just and reasonable.

DATED at San Diego, California, this 17th day of February 2012.

Respectfully submitted,

/s/ Laura M. Earl

Update Marginal Costs, Cost Allocation,)	(Filed October 3, 2011)
And Electric Rate Design.)	
_____)	

**NOTICE OF AVAILABILITY OF THE
AMENDED APPLICATION OF SAN DIEGO GAS & ELECTRIC COMPANY (U 902 E)
FOR AUTHORITY TO UPDATE MARGINAL COSTS, COST ALLOCATION AND
ELECTRIC RATE DESIGN AND SUPPORTING EXHIBITS**

PLEASE TAKE NOTICE THAT on February 17, 2012, San Diego Gas & Electric Company (SDG&E) filed its *Amended Application For Authority To Update Marginal Costs, Cost Allocation And Electric Rate Design*. The Application consists of the application itself, and all of the attachments required by the Commission's Rules of Practice and Procedure. Because the entire Application and supporting Exhibits are composed of over fifty pages, pursuant to Rule 1.9(d) of the Commission's Rules of Practice and Procedure, the Application the supporting testimony can be accessed and downloaded, as of 5:00 p.m., February 17, 2012, at the following internet address:

<http://sdge.com/proceedings>

SDG&E will, upon request, provide a paper copy of the entire Application, supporting Exhibits, or any part thereof. Supporting workpapers will also be available upon request. To expedite service of the requested materials, SDG&E asks that requests be submitted in writing to:
