**Questions:**

- 1) Please refer to NRDC Data Request 2-6, and SDG&E's response, which contains the average hourly load profiles for customers on SDG&E's EV-TOU and EV-TOU-2 rates.
    - a. Please provide the requested representative sample of individual customer load profiles; that is, please provide at least 30 randomly-selected customer load profiles for each rate, removing any customer identifying information.
    - b. If it is not possible to provide individual load profiles, please stratify the customers according to usage and provide the aggregated load profiles for at least 10 strata for each rate. Please also provide the percentage of the population that each stratum represents.
