

**TRIENNIAL COST ALLOCATION PROCEEDING PHASE 1 APPLICATION
OF SOUTHERN CALIFORNIA GAS COMPANY &
SAN DIEGO GAS & ELECTRIC COMPANY FOR AUTHORITY TO REVISE THEIR
NATURAL GAS RATES EFFECTIVE JANUARY 1, 2016**

(A.14-12-017)

(1ST DATA REQUEST FROM SOUTHWEST GAS CORPORATION)

QUESTION SWG1-1:

Reference: Prepared Direct Testimony of Steve Watson Table 3, page 10.

On page 10 of Mr. Watson's Prepared Direct Testimony, Table 3 represents SoCalGas' proposed firm capacity allocations to all storage functions (balancing, core and unbundled). Please provide the storage function amounts SoCalGas will annually offer to Southwest Gas before SoCalGas releases capacity to the G-TBS unbundled storage program.

RESPONSE SWG1-1:

Assuming that Southwest Gas is willing to commit to pay core rates for storage allocations for the term of the TCAP, as today, then SoCalGas would reserve 1.98% of the core allocations described in Table 3 of Mr. Watson's testimony for Southwest Gas, also as is done today.
