

Santee BESS Project (Santee Substation)
- Construction Notification

January 18, 2024

As part of San Diego Gas & Electric's® (SDG&E) commitment to sustainability and to provide safe, clean, and reliable energy, we are integrating a growing number of Battery Energy Storage System (BESS) projects to help maximize the use of renewable electricity produced by the sun and wind and support grid reliability.

This letter is to notify you that SDG&E or its Contractors will be installing a battery energy storage project in your neighborhood that is located on SDG&E owned property at the current Santee Substation. The Santee BESS project will enhance the state-wide electric grid, providing a system-wide benefit to the San Diego region.

Santee BESS Project (Santee Substation) Details*:

Anticipated Schedule: Starting approx. mid-January 2024 – approx. end of Q4 2024

Location: SDG&E's Santee Substation property located off Mast Blvd, near Magnolia Avenue

Workdays and Hours: Monday – Friday from 7:00 a.m. – 7:00 p.m.; with the potential for extended work hours, or weekend work, if needed

***NOTE:** *Construction dates and hours are subject to change according to compliance requirements, inclement weather and other unforeseen circumstances. Construction work hours, traffic control measures, and noise restrictions are established by local jurisdictions.*

SDG&E will work to minimize impacts from construction activities to the extent feasible. Noise and dust disturbances may increase due to construction activities, and we will implement mitigation measures to reduce these potential impacts, when applicable. We apologize for any inconvenience while we perform this important infrastructure improvement project, and we appreciate the community's patience.

This letter does **not** require any action on your part. Should you have any questions or concerns during construction, please contact me at (844) 210-5821, or by email at JQuijano@sdge.com.

Sincerely,

A handwritten signature in blue ink that reads "J. Quijano".
