(DATA REQUEST TURN-SEU-04)

QUESTION 1:

The response to question 10 of TURN's first set of data requests consisted of a document with the heading "Proposal to introduce a residential customer charge for SDG&E and increasing the residential customer charge for SoCalGas."

- a) Please confirm that this is the only document that is responsive to question 10 of TURN's first set of data requests. If there are any other documents that are responsive, please provide them at this time.
- b) When was the provided document prepared? On what date was it finalized or completed?
- c) The provided document concludes with tables showing residential customer charge proposals that start at a lower level in 2017, increase in 2018 and 2019, and then are subject to CPI adjustment in 2020 and going forward.
 - i) When did the Sempra Utilities decide to include a different proposal in its TCAP testimony?
 - ii) Please identify each person who was involved in recommending and approving going forward with a different proposal in the TCAP testimony than the proposal set forth in the provided document.
 - iii) Please provide all documents associated with the decision to make the TCAP proposal different than the proposal set forth in the provided document.
