**NOTIFICATION OF
SAN DIEGO GAS & ELECTRIC COMPANY'S
REQUEST TO INCREASE RATES
FOR 2022 AND 2023
A.17-10-007**

In April 2020, San Diego Gas & Electric Company (SDG&E®) filed a Petition for Modification of the 2019 General Rate Case decision with the California Public Utilities Commission (CPUC), a required filing. SDG&E is requesting rate increases of \$106.2 million (or 4.77%) in 2022 and \$108.1 million (or 4.64%) in 2023 to establish revenues for those years.

(Continued inside)

HOW WILL THIS AFFECT MY ELECTRIC BILL?

If the CPUC approves SDG&E's request for an electric rate increase, the winter bill for a typical bundled residential customer living in the inland climate zone and using 500 kWh per month would increase \$3.68 (or 2.6%) in 2022 and an increase of \$3.04 (or 2.1%) in 2023. Individual customer bills may vary. **New rates would become effective in January 2022.**

CPUC PROCESS

This application will be assigned to a judge, who will consider proposals and evidence presented during the formal hearing process. The judge will issue a proposed decision which may adopt SDG&E's application, modify it or deny it. Any CPUC Commissioner may sponsor an alternate decision. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners.

The Public Advocates Office (Cal Advocates) has reviewed this application. Cal Advocates is the independent consumer advocate within the CPUC with a statutory mandate to represent customers of investor-owned utilities to obtain the lowest possible rate for service consistent with safe and reliable service and the state's environmental policy goals. Cal Advocates has a multi-disciplinary staff with expertise in economics, finance, accounting and engineering.
