**SAN DIEGO GAS & ELECTRIC COMPANY (SDG&E)
NOTICE OF REQUEST TO INCREASE RATES FOR THE
HYDROGEN BLENDING DEMONSTRATION PROJECT
APPLICATION NO. A.22-09-006**

WHY AM I RECEIVING THIS NOTICE?

On March 1, 2024, San Diego Gas & Electric[®] Company (SDG&E[®]), Southern California Gas Company (SoCalGas[®]), Pacific Gas and Electric Company (PG&E), and Southwest Gas Corporation (Southwest Gas) filed a Joint Amended Application (A.22-09-006) to Establish Hydrogen Blending Demonstration Projects (Amended Application) with the California Public Utilities Commission (CPUC). As part of the Amended Application, SDG&E is requesting a total of \$21.1 million in forecasted revenue requirement: \$9.1 million in 2025, \$8.5 million in 2026, \$0.9 million in 2027, \$2.3 million in 2028 and \$0.2 million in 2029-2031.

If the CPUC approves this application, SDG&E will recover forecasted costs in gas rates over a 4-year period beginning after approval of the application. This will impact your monthly bill.

WHY IS SDG&E REQUESTING THIS RATE INCREASE?

At the direction of the CPUC, SDG&E is requesting authorization to establish a hydrogen blending demonstration project. This project will provide information on a safe hydrogen injection standard to support the potential and phased integration of hydrogen into the existing natural gas system. The Amended Application covers the costs associated with planning and implementing the blending project.

HOW COULD THIS AFFECT MY MONTHLY GAS BILL?

If SDG&E's rate request is approved by the CPUC, the average Non-CARE residential monthly bill using 24 therms per month would increase by approximately \$0.40 or 0.7% per month in 2025. The proposed average rates shown below are for 2025, the highest revenue requirement year.

Transportation	01/01/2024 Rates	Proposed Rates	Increase	% Increase

HOW DOES THE REST OF THIS PROCESS WORK?

This Amended Application is already assigned to a CPUC Administrative Law Judge who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judge will issue a proposed decision that may adopt SDG&E and the other gas utilities' Amended Application, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.

Parties to the proceeding may review the Amended Application, including the Public Advocates Office. Public Advocates Office
