A  Sempra Energy utility®

**At SDG&E[®], we're driven by our commitment
to improve lives and communities.**

That's why we've built one of the largest
utility-owned weather networks
for extreme weather preparedness,
developed an ecosystem of connectivity
for faster flow of information, and are
creating a more intelligent, modern
grid – so we can deliver the most reliable
power to the 3.6 million customers
we're proud to serve.
