

Power Your Drive for Fleets

Supporting Service Fleets with EV Infrastructure Incentives & Rebates

Businesses that keep the internet working, utilities powered, and our homes running like clockwork sometimes need a little help as well, especially when it comes to fueling their vehicles with electricity. The move towards electrification can reduce maintenance and operational costs for these operations, as well as improve the air quality for the communities they serve. With some assistance from SDG&E's **Power Your Drive for Fleets** program, these hard-working fleets can create the EV infrastructure they need to fuel their evolving operations.

INFRASTRUCTURE INCENTIVES

Option 1: SDG&E-Owned No Cost Installation

Option 2: Customer-Owned Rebates to Reduce Installation Costs

ELIGIBLE VEHICLES

A diverse mix of on-road and off-road, medium- and heavy-duty vehicle types to support small businesses are eligible for the Power Your Drive for Fleets program, including:

MEDIUM DUTY

Delivery & shuttle (Class 2-6)
>6,000 LBs

OFF-ROAD

Forklifts (Class 2 or higher)
>6,000 LBs

PROGRAM OVERVIEW

\$107 million

budget over 5 years

300+ customer sites

commercial and private fleets

3,000+ new EVs

on- and off-road Class 2-8

CHARGER REBATES

You can select from a variety of EV charger options from our **approved vendor list**. School buses, transit buses, and sites located in disadvantaged communities that are not a Fortune 1000 company are eligible for the EVSE rebates based on the power output of the charger.

[Use our rebate calculator to see how much you could save »](#)

Maximum rebate amounts per charger power level

EVSE power	Max. rebate amount*
Up to 19.2kW	\$3,000 per charger
19.3kW up to 50kW	\$15,000 per charger
50.1kW up to 150kW	\$45,000 per charger
150.1kW and above	\$75,000 per charger

*Eligible sites will receive a rebate for each qualified charger for the lesser of 50% of the cost of the charger or the maximum amount based on power output as detailed above, not to exceed 50% of the cost of the charger.

PROGRAM REQUIREMENTS

Demonstrate commitment to procure **a minimum of 2 electric vehicles**

Demonstrate **long-term electrification growth** plan and schedule of load increase

Provide data related to charger usage for a minimum of **5 years**

Own or lease the property where chargers are installed, and operate and maintain vehicles and chargers **for minimum of 10 years**
