

## Power Your Drive for Fleets ELECTRIFICATION TIMELINE

3-5 months »

#### 3 Design Infrastructure:

SDG&E® team will design your make-ready EV charging infrastructure.

### 2 Site Inspection:

SDG&E® will conduct a physical inspection of your project location.

# 4 Construct Infrastructure:

SDG&E® team will construct your make-ready EV charging infrastructure. Fleets have two options to construct and pay for charging infrastructure.

#### 1 Submit Interest:

Fleets can start by submitting an interest form. An SDG&E® representative will work with you to ensure your site is eligible and help you apply for the program.

**START** 

6-8 months

#### Activate Site:

Customer must commission EV charging stations before SDG&E® will inspect and energize equipment.

COMPLETE

Total Electrification
Timeline: 9-13 months

#### Maintenance:

SDG&E® is responsible for ongoing maintenance of SDG&E®-owned make-ready infrastructure. Customer is responsible for ongoing maintenance of customer-owned infrastructure and equipment.
