

**Customer Rate Information
Schedule EECC**

The Electric Energy Commodity Cost (EECC) is passed through to customers who purchase their electricity from SDG&E. The EECC rate component is not included in the UDC rates reflected above but is shown separately on Schedule EECC.

This schedule has two purposes: (1) billing UDC Bundled Service customers for commodity energy, which consists of Utility supplied electricity sold by SDG&E to its customers and DWR supplied electricity sold by DWR to SDG&E customers with SDG&E acting as billing agent; and (2) developing Department of Water Resources (DWR) and Utility Supplied Energy Percentage. The rate tables show EECC fixed billing rates for all retail rate schedules.
