#### MONTHLY REPORT OF SAN DIEGO GAS & ELECTRIC COMPANY (U 902 M) ON LOW-INCOME ASSISTANCE PROGRAMS FOR APRIL 2020

This is the fourth monthly report for program year (PY) 2020. The purpose of this report

is to consolidate activity for the California Alternate Rates for Energy (CARE) Program and

Energy Savings Assistance (ESA) Program and provide the California Public Utilities

Commission's (CPUC or Commission) Energy Division with information to assist in analyzing

the low-income programs.

This report presents year-to-date ESA Program and CARE Program results and

expenditures through April 30, 2020 for San Diego Gas & Electric Company (SDG&E).

Respectfully Submitted on behalf of San Diego Gas & Electric Company,

By: /s/ Rebecca Hansson

## ENERGY SAVINGS ASSISTANCE PROGRAM MONTHLY REPORT 1. ESA PROGRAM EXECUTIVE SUMMARY

#### **1.1 ESA Program Overview**

#### **COVID-19 Program Impacts**

On March 4, 2020, California Governor Gavin Newsom declared a State of Emergency to help the state prepare for the broader spread of the COVID-19 virus. On March 13, SDG&E contacted ESA Program contractors with information regarding COVID-19 concerns relative to their provision of ESA services, provided general field safety guidance, and requested information be reported on any issues or concerns experienced in the field. On March 19, the Governor issued a "Stay at Home" order for non-essential workers. In response, and in consultation with Energy Division, on March 20, SDG&E notified ESA Program contractors to cease all non-critical customer contacts but excluded customer contacts that are critical to customer health and/or safety until further notice.

On April 7, 2020, SDG&E received a letter from the Executive Director of the Commission following up on her March 23, 2020 request that the IOUs offer ESA Program contractors a 30 day advance payment in an effort to retain the ESA program workforce. The April 7 letter requested that the IOUs offer ESA contractors a second 30-day advance payment in an effort to retain the ESA Program workforce. Additionally, the letter requested that the utilities expedite contractor payments to within 10-days, adjusted for the consideration of overhead

1

cost and not just labor, and updated the calculation for the advance amount to be the greater of: 1) the average invoiced for the 2019 program year, or 2) the average invoiced for Jan/Feb 2020. On April 14, SDG&E notified its ESA Program contractors of the second advance.

In March and April, seven ESA Program contractors accepted advances and all received payments. In April, two of the seven contractors who accepted and received an advance returned the total amount advanced in full.

Generally, SDG&E has ceased all non-critical outreach and enrollment ESA activities until further notice. Two ESA Program contractors are piloting phone enrollment efforts and calling customer leads generated pre-COVID-19. Contractors are currently focusing on self-certification areas to minimize any data security issues around providing income documentation and gathering customer agreements via email confirmation.

ESA Program Summary through April 2020										
	Actual to Date <sup>1</sup>	%								
Budget <sup>2</sup>	\$35,509,153	6,435,345	18%							
Homes Treated <sup>3</sup>	23,761	4,345	18%							
kWh Saved	7,220,000	438,591	6%							
kW Demand Reduced	3,954	59	1%							
Therms Saved	420,000	6,580	2%							
GHG Emissions Reduced (Tons)	6,428	280	5%							

#### **1.1.1** Provide a summary of the ESA Program elements as approved in Decision (D.) 16-11-022.

#### 1.2 **ESA Program Customer Outreach and Enrollment Update**

#### **1.2.1** Provide a summary of the ESA Program outreach and enrollment strategies deployed this month.

Below is a summary of ESA Program specific efforts conducted in April. Joint

CARE and ESA Programs marketing, education and outreach efforts are provided

in section 1.2.2 below.

ESA Program Contractor Outreach

SDG&E's Outreach and Assessment (O&A) contractors have been significantly

impacted by COVID-19. In April, traditional door-to-door outreach was not

conducted; therefore, no leads were created via this method. However, SDG&E

<sup>&</sup>lt;sup>1</sup> Energy, demand, emissions savings reflects total savings from the ESA Program including California Department of Community Services and Development (CSD) leveraging and multifamily common area measure installations.

<sup>&</sup>lt;sup>2</sup> Budget authorized in approval of SDG&E Advice Letter 3250-E/2688-G dated December 27, 2018 for program years 2019 and 2020. <sup>3</sup> Total homes treated reflects homes that have been invoiced and paid and also includes CSD leveraging.

continued other marketing campaign efforts to inform customers about the ESA and CARE Programs and were successful in generating close to 5,000 leads to support phone enrollment campaigns or to set-up home visits when face-to-face interactions resume.

#### Single-Family Affordable Solar Housing (SASH) Program

SDG&E works with GRID Alternatives to enroll customers in the ESA Program based on participation in the SASH Program. Once approved, contractors install all feasible ESA Program measures in the home prior to the SASH Program's installation of a solar system. In April, SDG&E did not receive a list of potential leads through this leveraging effort. Additionally, D.16-11-022 required the utilities to provide GRID Alternatives with information on CARE high energy usage (HEU) customers who have participated in the ESA Program. SDG&E generated a report with 29 leads for submittal to GRID Alternatives.<sup>4</sup>

ESA Program Multifamily Common Area Measure (MF CAM) Initiative In April 2020, SDG&E's ESA Program MF CAM implementer continued targeted marketing to potential ESA MF CAM properties, including resyndication projects in SDG&E's service territory. To date, 19 properties have been completed and invoiced and six other properties are currently receiving measure installations. In addition, there are a total of 12 properties pending

<sup>&</sup>lt;sup>4</sup> The Report was submitted in early May and will be reported on in the May 2020 Monthly Report.

energy assessments/audits. There have been minimal COVID-19 related impacts to the ongoing operations of the ESA MF CAM initiative as work can be completed via phone or email and ongoing MF CAM installations can be completed without contractor contact with other people.

Information on the MF CAM initiative, including eligibility requirements, program flow, and contact information for Willdan Energy, SDG&E's implementer, is available on SDG&E's website page at <u>https://www.sdge.com/businesses/savings-center/esa-common-area-measures-</u> program.

#### Language Line

Language Line<sup>®</sup> is utilized to make sure customers with limited English proficiency (LEP) have a channel in which to communicate with ESA Program contractors in the language of their preference. In April, zero customers were served by the Language Line.

**1.2.2** Customer Assistance Marketing, Education and Outreach for the CARE and ESA Programs.

Marketing, Education and Outreach (ME&O) activities summarized below represent joint efforts on behalf of the CARE and ESA Programs. SDG&E utilizes an integrated ME&O strategy by connecting with customers using general awareness marketing, direct marketing, and community outreach and engagement. The intent of the 2020 campaign is to make a connection with customers in order to drive conservation and provide monthly savings on their energy bill. The campaign runs in English, Spanish and Asian languages and includes TV, streaming radio, outdoor, print, digital (including paid search), email, direct mail and bill inserts, as well as a robust outreach program. The majority of the campaign was slated to begin on March 1; however, due to the state of emergency in California declared by Governor Newsom on March 4, 2020, the national emergency declared by President Trump on March 13, 2020, and Governor Newsom's order on March 19, 2020 requiring Californians to stay home as a result of the COVID-19 pandemic, as well as other guidance from local, state, and federal health and emergency response agencies, SDG&E implemented a number of changes to its customer assistance program ME&O efforts which will have an impact on ongoing campaign planning for these programs. Included in Appendix B to this monthly report, is an overview of how ME&O efforts for customer assistance have been shifted to respond to the COVID-19 pandemic and push awareness and enrollment for available assistance that SDG&E provides.

#### **General Awareness Marketing**

General awareness marketing allows SDG&E to connect with its customers through mass media efforts reaching both mass audiences and hard-to-reach populations including customers in rural areas, seniors, customers with special needs and multilingual/multicultural customers. The tactics for April 2020 are summarized in the following sections: Print Advertising:

SDG&E planned English print in rural communities and African-American publications. Additionally, SDG&E is running print in Chinese, Vietnamese, Tagalog (Filipino) and Spanish language publications. For the month of April, the messaging in SDG&E's ads has been updated to focus on those who are recently unemployed or in need due to the COVID-19 pandemic. The ads now have an overall Customer Assistance message with information on where to get help rather than focusing specifically on CARE or ESA.

#### Online Advertising:

In 2020, SDG&E planned a digital advertising campaign that began in February and will end in October. Paid Search began running February 2020 and garnered 99,735 impressions in April with a click-through-rate (CTR) of 33%. Paid Social for April had 16,043 impressions with a CTR of 2%. Streaming Radio provided one million impressions with a CTR of 0.18%. Banner Display Ads for April had 5.3 million impressions with a CTR of 0.14%. Due to the COVID-19 pandemic, ESA online advertising has been put on hold in lieu of the general assistance campaign that is focused on enrolling customers in CARE or the Family Electric Rate assistance (FERA) program. All banner and paid social media messaging has been updated to reflect this new direction.

#### Social Media:

Using e-newsletters, website posts and social media channels, the Energy Solutions Partner Network shared 109 Customer Assistance messages in April to an audience of more than 180,000 followers. SDG&E's social media profile also posts messaging to an audience of more than 40,000 followers. These messages are then able to be redistributed to other networks on social media.

#### **Direct Marketing**

In April 2020, direct marketing efforts included the following tactics:

Live CARE Call Campaign:

SDG&E's third-party contractor, The Harris Group (THG), called targeted customers to enroll in the CARE Program.<sup>5</sup> The campaign provides SDG&E with a way to directly connect with customers in the low-income and hard-to-reach areas. THG provides education about the CARE and ESA Programs and assists customers in completing program application forms. During the COVID-19 pandemic, ESA leads have temporarily been suspended since contractors are not currently entering homes. Outbound call activities in April 2020 generated the following numbers:

The Harris Group								
ESA Leads	0							
CARE Enrollments	2,165							
CARE Recertifications <sup>6</sup>	3							

#### Email:

SDG&E did not send out ESA Program promotional emails to potential ESAeligible customers in April 2020 due to issues surrounding COVID-19.

<sup>&</sup>lt;sup>5</sup> THG is a Diverse Business Enterprise (DBE) vendor and a woman-owned business.

<sup>&</sup>lt;sup>6</sup> CARE recertifications received were requested by SDG&E prior to customer protections which suspended recertifications on March 4, 2020. Since March 4, no customers are required to recertify and SDG&E has not removed any customers from the CARE program resulting from recertification.

#### Direct Mail

SDG&E did not send out ESA Program promotional postcards to potential ESAeligible customers in April 2020 due to issues surrounding COVID-19.

#### **Community Outreach & Engagement**

#### Energy Solutions Partner Network:

SDG&E works closely with a network of over 190 community-based organizations (CBOs) to connect customers to the CARE and ESA Programs. These organizations represent the diversity of SDG&E's customers within its service territory. A majority of these organizations are small, grassroots agencies serving customers that are multicultural/multilingual, seniors, veterans, special needs, and Limited English Proficient (LEP) audiences. These partners help educate and enroll customers in low-income programs utilizing a variety of tactics including messaging through e-mail and social media channels such as Facebook, Twitter, and Instagram, posting information on their websites, providing booth space at events, and hosting enrollment day fairs at their locations. In April 2020, SDG&E's partner outreach activities resulted in the following activities:

Energy Solutions Partner Network							
ESA Leads	0						
CARE Enrollments	9						
CARE Recertifications	0						

#### Partner Spotlight:

This month's events and presentations were mostly canceled due to the COVID-19 situation. Some events were created/modified to fit the current situation. In April 2020, the SDG&E Customer Solutions Outreach Team participated in four events, presentations, and trainings/workshops that featured information and enrollment in energy solutions programs, services and tools. Outreach activities were focused around engaging customers with solutions such as the CARE and ESA Programs.

Chula Vista Community Collaborative an Energy Solutions Partner hosts weekly webinars and includes agencies such as social services, health services, faith, community, and businesses. In attendance are representatives from community organizations that assist customers with a wide spectrum of assistance through-out the SDG&E service territory.

On April 28, SDG&E presented on the company's COVID-19 response, messages, programs, and tools. The main focus of the presentation was the CARE program, which attendees

were particularly interested in sharing with their communities.

SDG&E participated in three food drive distribution events during the month. Two of the events, on April 16 and 24, were organized by Broadway Heights Community Council in Broadway Heights and Logan Heights; the third event was held on April 28 and organized by North County Health Services in Oceanside. At

that were distributed to recipients in their food bags.

#### Multicultural Outreach:

To continue efforts to reduce potential barriers for customers in the rural, multicultural/multilingual, and special needs customer segments, as well as to increase education and program enrollments, SDG&E pairs multicultural contractors with employees that are fluent in various languages to help staff events and presentations. These contractors are fluent in the following languages: Spanish, Chinese, Aramaic/Arabic, and other languages as requested. During April 2020, SDG&E did not participate in any multicultural outreach events due to the COVID-19 pandemic.

#### **Other Customer Engagement Efforts**

Subject to SDG&E COVID-19 pandemic response addressed above in section 1.2.2., SDG&E has several other customer engagement efforts to educate, enroll, and provide direct service to its customers. These efforts include direct service from SDG&E's Customer Contact Center (CCC) and Payment Offices, as well as the distribution of materials through other SDG&E customer-facing groups/programs and field services teams. Updated information as it relates to ongoing customer engagement and the impacts of the COVID-19 pandemic will continue to be provided in subsequent monthly reports.

## SDG&E Customer Contact Center (CCC), Branch Offices, and Payment Offices

SDG&E's CCC, Branch Offices, and Payment Offices promote and offer the CARE and ESA Programs to potentially eligible customers. SDG&E also promotes these customer assistance solutions at its Authorized Payment Locations (APLs). Additionally, the Outreach team assists at Branch Office locations on a seasonal basis to help enroll customers. On March 20, SDG&E closed the branch offices to the public over concern of the COVID-19 pandemic. Customers were urged to contact SDG&E's CCC or go online to resolve utility issues.

In D.16-06-054, SDG&E received Commission authorization for its CCC's Energy Service Specialists to enroll customers directly into the CARE Program over the telephone. In April 2020, SDG&E's CCC and Branch Office generated the following applications and leads over the phone:

	CCC	<b>Branch Office</b>
ESA Leads	10	4
CARE Enrollments	33	77
CARE Recertifications <sup>7</sup>	0	3

#### 1.3 Leveraging Success Evaluation, Including CSD

# **1.3.1** Please provide a status of the leveraging effort with CSD. What new steps or programs have been implemented? What were the results in terms of new enrollments?

SDG&E continues to partner closely with local Low-Income Home Energy Assistance Program (LIHEAP) agencies to improve leveraging opportunities between CSD's LIHEAP and the ESA Program. LIHEAP contractors are not conducting in-home visits due to COVID-19, but are continuing payment assistance services and lead generation for possible enrollment once certain ESA activities resume. In April, LIHEAP organizations generated 187 lead for the ESA Program.

As part of SDG&E's leveraging agreement with San Diego County Water Authority (SDCWA), SDCWA reimburses SDG&E for water measures installed as part of the ESA Program in homes where customers have an active SDCWA account. This agreement will continue until December 31, 2020 or until

<sup>&</sup>lt;sup>7</sup> CARE recertifications received were requested by SDG&E prior to customer protections which suspended recertifications on March 4, 2020. Since March 4, no customers are required to recertify and SDG&E has not removed any customers from the CARE program resulting from recertification.

SDCWA's funds are exhausted. No new activity was reported toward this activity in April.

#### **1.4** Workforce Education & Training (WE&T)

#### 1.4.1 Please summarize efforts to improve and expand ESA Program workforce education and training. Describe steps taken to hire and train low-income workers and how such efforts differ from prior program years.

SDG&E did not conduct any training in conjunction with WE&T efforts in April 2020. SDG&E's in-person WE&T classes were halted in early March due to the COVID-19 pandemic and the majority of classes have been transitioned online.

#### 1.5 Miscellaneous

#### **1.5.1 ESA Program Studies**

<u>2022 LINA</u>. On April 3, a draft work scope for the 2022 LINA study was presented to the LIOB LINA and LIHEAP subcommittees. During the remainder of the month, additional work was done by the study team to refine and finalize the work scope.

<u>NEB Assessment</u>. On April 17, Apprise Inc. and the study team held a project initiation meeting to commence the NEB Assessment. During the meeting, the work scope was reviewed and Apprise Inc. requested information on ESA measures from the IOUs. A draft and final work plan for the study will be produced in May.

#### **1.5.2 ESA Program Pilot**

SDG&E is not currently conducting any Pilots.

#### 2. CARE EXECUTIVE SUMMARY

#### 2.1 CARE Program Summary

#### COVID-19 Program Impacts

On March 19, 2020, SDG&E filed Advice Letter 3516-E/2854-G to implement applicable customer protections identified in D.19-07-015. For the CARE Program, these include freezing all CARE eligibility reviews, including recertifications, Post Enrollment Verification (PEV), and High Energy Usage (HEU) verifications; the freeze prohibited the removal of customers with pending requests for recertifications and verifications and went into effect retroactively on March 4. Additional information on how SDG&E has increased marketing and outreach for CARE, including compliance with Energy Division requests on messaging on the SDG&E website has been included at Appendix B to this report.

CARE Budget Categories	Authorized Budget <sup>8</sup>	Actual Expenses to Date	% of Budget Spent
Outreach	\$3,254,171	\$750,424	23%
Proc., Certification and Verification	\$517,211	\$238,651	46%
Post Enrollment Verification	\$363,667	\$52,213	14%
Information Tech./Programming	\$1,719,900	\$172,025	10%
Pilots-CHANGES	\$267,733	\$92,155	34%
Regulatory Compliance	\$303,653	\$218,984	72%
General Administration	\$836,246	\$204,567	24%
CPUC Energy Division Staff	\$57,852	\$27,412	47%
Cooling Centers <sup>9</sup>	\$0	\$0	0%
Total Expenses	\$7,320,433	\$1,756,431	24%
Subsidies and Benefits	\$74,571,504	\$41,191,421	55%
Total Program Costs and Discounts	\$81,891,937	\$42,947,852	52%

#### 2.1.1 Please provide CARE Program summary costs.

#### 2.1.2 Provide the CARE Program penetration rate to date.

CARE Penetration									
Participants Enrolled	Eligible Participants <sup>10</sup>	Penetration rate							
312,978	302,245	104%							

<sup>&</sup>lt;sup>8</sup> Budget authorized in approval of SDG&E Advice Letter 3250-E/2688-G dated December 27, 2018 for program years 2019 and 2020.

<sup>&</sup>lt;sup>9</sup> The funding for SDG&E's Cool Zones is no longer under the CARE program. *See* D.17-12-009 at Ordering Paragraph 114.

<sup>&</sup>lt;sup>10</sup> On March 17, 2020, Pacific Gas and Electric Company (PG&E), on behalf of the IOUs, filed the revised Annual Estimates of CARE Eligible Customers and Related Information. This number reflects estimates of SDG&E's CARE Eligible Participants for 2020, as reflected in filing A.14-11-007, et al., Annual CARE Eligibility Estimates.

#### 2.2 Outreach

## **2.2.1** Discuss utility outreach activities and those undertaken by third parties on the utility's behalf.

In April 2020, marketing and outreach efforts generated 10,420 completed CARE applications, and 5,834 new enrollments/recertifications for the program. Below is a summary of CARE specific outreach efforts. A summary of SDG&E's joint CARE and ESA Program marketing, education and outreach efforts are provided in Section 1.2.2. Appendix B to this monthly report illustrates how SDG&E has increased CARE marketing, outreach and community engagement in response to the COVID-19 pandemic.

#### **Direct Marketing**

#### Direct Mail

In April 2020, SDG&E continued its rate comparison campaign by mailing a comparison letter to 5,306 potential CARE customers. The letter compares a customer's average bill total for the last 12 months to what it would have been had they been enrolled in CARE receiving an average discount of 30%. Customers are encouraged to call SDG&E's toll-free enrollment number or to apply through SDG&E's online application. The letter contributed to 5,826 CARE automated phone enrollments and online enrollments.

<u>Email</u>

In April 2020, SDG&E continued with its Rate Comparison Nurture Campaign. The Nurture Campaign sends a series of automated, pre-written messages over a specified period to move customers closer to conversion. Contacts receive messages based on behavioral triggers and may receive up to three messages (including reminders) over a 30-day period, depending on engagement level. In April 2020, SDG&E sent out 40,488 emails (many of these reminders) which generated a 35% open rate and a 8.5% click through rate over the course of the month. Updated email information as it relates to shifting tactics related to the COVID-19 pandemic will be provided, if necessary, in subsequent monthly reports.

#### **Community Outreach & Engagement**

Community outreach & engagement efforts allow SDG&E to educate, connect and directly engage with customers in communities where they work and live. Outreach and engagement activities included events, presentations, workshops, trainings, partnerships with CBOs, and customized efforts.

#### **CARE Partners (Capitation Agencies)**

SDG&E partners with 20 social service agencies such as the Women's Infant & Children Organization (WIC) program, refugee assimilation organizations, 2-1-1 San Diego, and others to help enroll its hardest-to-reach customers. These organizations serve high-risk, low-income individuals and families with enrollment in state and federally funded assistance programs, including Cal Fresh, LIHEAP, Covered California, and California Lifeline. The partnering organizations are in diverse low-income communities serving multicultural/multilingual, seniors, veterans, special needs, and LEP audiences and provide multilingual staffing. During the month of April, the following numbers were generated by the Capitation Agencies:

<b>Capitation Agencies</b>								
ESA Leads	149							
CARE Enrollments	222							
CARE Recertifications <sup>11</sup>	1							

#### Cool Zones

Cool Zones are typically active from May 15 through October 31 of each year. As of April, SDG&E has been in contact with the County of San Diego to determine how COVID-19 will affect the opening of the Cool Zone centers.

Additionally, SDG&E's General Rate Case (GRC) was approved in September 2019 and authorized a budget for Cooling Centers starting in 2019. Accordingly, cooling center costs will be included in the GRC proceeding going forward.<sup>12</sup>

<sup>&</sup>lt;sup>11</sup> CARE recertifications received were requested by SDG&E prior to customer protections which suspended recertifications on March 4, 2020. Since March 4, no customers are required to recertify and SDG&E has not removed any customers from the CARE program resulting from recertification.

<sup>&</sup>lt;sup>12</sup> Ordering Paragraph 114 of D.17-12-009 authorized IOUs to continue to utilize CARE Program administrative dollars for cooling center activity only until each utility's next General Rate Case.

#### Women's Infant & Children Organizations

In April, WIC offices were closed to in-person interactions because of the COVID-19 pandemic. The WIC offices, however, continue to field questions to their clientele via phone.

#### County Health and Human Service Agency Collaboration:

SDG&E collaborates with the County of San Diego Health and Human Services Agency (HHSA) to connect customers to programs like CARE. All field HHSA offices include a source coded CARE application in their new client intake packets. In April 2020, the following applications were received:

HHSA	April	YTD
ESA Leads	0	0
CARE Enrollments	126	332
CARE Recertifications <sup>13</sup>	2	217

#### 2.3 CARE Recertification Complaints

#### 2.3.1 Report the number of customer complaints received (formal or informal, however and wherever received) about their CARE recertification efforts, with the nature of the complaints and resolution.

In April 2020, SDG&E did not receive any customer complaints regarding CARE

recertification.

<sup>&</sup>lt;sup>13</sup> The CARE recertifications received were requested by SDG&E prior to customer protections which suspended recertifications on March 4, 2020. Since March 4, no customers are required to recertify and SDG&E has not removed any customers from the CARE program resulting from recertification.

#### 3. CHANGES REPORTING

In compliance with requirements outlined in D.12-12-011, SDG&E has updated CARE Table 10 and Table 11 information for the month of March 2020. April 2020 activity for Table 10 and Table 11 will be reported in a subsequent report.<sup>14</sup>

<sup>&</sup>lt;sup>14</sup> SDG&E provides data from the previous month due to reporting delays from CHANGES which prevents SDG&E from reporting current month activity.

#### 4. APPENDIX A – ESA AND CARE PROGRAM TABLES

**ESA Program** - Table 1 - Program Expenses

ESA Program - Table 1A – Program Expenses Funded from 2009-2016 "Unspent ESA Program Funds"

ESA Program - Table 2 - Program Expenses & Energy Savings by Measures Installed

ESA Program - Table 2A - Program Expenses & Energy Savings by Measures Installed (CSD Leveraging)

[1] Authorized budget does not include shifted funds from previous years and/or program cycles. Shifted funds, referred to as "2009-2016 Unspent ESA Program Funds", are reflected in ESA Table 1A.

[2] Reflects the authorized funding approved in the CPUC Energy Division Disposition Letter dated 12/27/2018 approving SDG&E Advice Letter 3250-E/2688-G.

[3] Negative amount due to the correction of 2019 expense incorrectly charged to electric and relcassed to gas.

[4] Negative amount due to over-estimation of March expense as contractor work activity was decreased due COVID 19 quarantine orders.

[5] Includes a total of \$552,731 for COVID 19 Advanced Payments to the following contractors: THA \$86,720; CUI \$32,000; Jerry's Heating & Air \$107,280; R&B Wholesale Distribution \$87,672; Reliable Energy Mgmnt \$33,550; Eagle Systems \$205,509.

NOTE: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

[1] Add additional categories if relevant to your utility

[2] Reflects the authorized funding in D.16-11-022 and updated via Resolution E-4884 addressing conforming Advice Letters 3065-E/2568-G and 3065-E-A/2568-G-A. Budgets updated and approved via AL 3250-E/2688-G.
 [3] Refers to budget supporting CSD's LIWP program

[4] Funding authorized for Programmable Communicating Thermostat (PCT) Pilot.

[5] Negative amount is the result of 2019 expense related to thermostats reclassified to Marketing and Outreach (Table 1) in PY2020.

[6] Funding authorized for Rapid Feedback Research and Analysis and Potential and Goals Study.

[7] Reflects the correction of 2019 expense incorrectly charged to General Administration (Table 1) and relcassed to Rapid Feedback Research and Analaysis in PY2020.

NOTE: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

[1] Envelope and Air Sealing Measures may include outlet cover plate gaskets, attic access weatherization, weatherstripping - door, caulking and minor home repairs. Minor home repairs predominantly are door jamb repair / replacement, door repair, and window putty.

[2] Weatherization may consist of attic insulation, attic access weatherization, weatherstripping - door, caulking, & minor home repairs.

[3] All savings are calculated based on the following sources:

Lighting			
Exterior LED Lighting	18-May		6, 7, 8, 10, 14, 15
Interior LED Lighting	18-May		6, 7, 8, 10, 14, 15
Interior TLED Type A Lamps	18-May		6, 7, 8, 10, 14, 15
Interior TLED Type C Lamps	18-May		6, 7, 8, 10, 14, 15
Interior LED Exit Sign	18-May		6, 7, 8, 10, 14, 15
Interior LED Fixture	18-May		6, 7, 8, 10, 14, 15
Interior LED Screw-in	18-May		6, 7, 8, 10, 14, 15
Exterior LED Lighting - Pool	18-May		6, 7, 8, 10, 14, 15
			-, -, -, -, -, -, -, -, -, -, -, -, -, -
Miscellaneous			
Tier-2 Smart Power Strip	18-May		6, 7, 8, 10, 14, 15
Variable Speed Pool Pump	18-May		6, 7, 8, 10, 14, 15

Standard Notes (do not delete)

1. Measures list may change based on available information on both costs and benefits (including energy benefits as well as non-energy benefits) and may vary across climate zones. This is not a list of installed measures, it is a list of eligible measures.

#### Table 2B-1 Column A should match Table 2B Column A for eligible (not canceled) measures.

2. Only complete if measure is canceled or discontinued

3. Defined as CEC California Building Climate Zones

https://www.energy.ca.gov/maps/renewable/building\_climate\_zones.html

#### UPDATE ON SDG&E EFFORTS TO PROMOTE COVID-19 EMERGENCY RELIEF AND BILL PAYMENT ASSISTANCE PROGRAMS

MAY 6, 2020

COMPILED BY SAN DIEGO GAS & ELECTRIC

## **SUMMARY**

In recent weeks, SDG&E has further intensified its marketing, communications and outreach efforts to raise awareness of COVID-19 emergency relief and bill payment assistance programs. The latest phase of our advertising campaign covers not just CARE, FERA and Medical Baseline, but also the federally funded Low-Income Home Energy Assistance Program (LIHEAP).

SDG&E has gone above and beyond conventional tactics/channels to get the word out to customers. Below are some examples of the innovative approaches we are taking:

- We provided the San Diego Food Bank with 20,000 postcards highlighting bill assistance programs. The post cards are getting stuffed into boxes of food the nonprofit distributes to families in need.
- Our social media team has gone beyond Twitter, Facebook, Instagram and LinkedIn to share information. We are now using Nextdoor to reach an even wider audience.
- Our advertising campaign leverages streaming radio and TV, which combined will provide 10 million impressions.
- We collaborated with 211sandiego.com to highlight utility assistance programs on its homepage and in the menu for its phone line (specifically, its interactive voice response system).

Below are some high-level metrics demonstrating the effectiveness of our efforts:

- In April 2020, sdge.com/CARE had 73,000 pageviews, which is a 94.9 percent increase over March 2020. It's the most traffic this page has seen in the past 18 months.
- Social media mentions of CARE increased from 56 in March to 232 in April.
- E Source recently recognized SDG&E for posting one of the top 5 COVID-related social media posts out of more than 150 by our utility industry peers. Specifically, E Source singled out SDG&E for a Facebook post informing customers about help available to them by highlighting CARE, FERA and LIHEAP.
   (view post here)
- SDG&E employees have presented information at more than 20 webinars and virtual meetings.

Finally, SDG&E recently formed an internal Economic Recovery Team to conduct proactive outreach to small and medium business customers most severely impacted by the COVID-19 pandemic, including those in the lodging and restaurant sectors. The team started an outbound calling campaign the week of May 4 to make sure these customers are aware of the emergency relief measures we have adopted (such as suspension of late payment fees, disconnection moratorium, etc.). As part of the campaign, the team also helps point businesses to resources and information that can help them weather the COVID economic crisis, such as loan programs available under the CARES Act.

DIGITAL OUTDOOR BOARD

See if you qualify. sdge.com/assistance

Save money now with energy bill discounts.

See if you're eligible. 211SanDiego.org

### DIGITAL OUTDOOR BOARD

We leveraged a no-cost digital outdoor board (13' x 46') located at a local mall to promote bill discount programs. There are two versions of the creative that are in equal (50/50) rotation. One directs customers to **sdge.com/assistance** where they can learn more about our assistance programs. The other directs customers to **211 San Diego** where they can learn more about the LIHEAP program. This digital board faces north and south and receives approximately **139,353** daily impressions on the northbound side and **97,379** daily impressions on the southbound side.

#### FOOD BANK ASSISTANCE PROGRAM INSERT

On April 29, SDG&E provided 20,000 large postcard inserts to the San Diego Food Bank. This month, the nonprofit is placing the insert in boxes of food it distributes to those in need. The insert provides information on our assistance programs and the LIHEAP program in both English and Spanish.

#### Having trouble paying your energy bill?

Even if you've never received help before, or are currently receiving unemployment benefits, you may be eligible for financial assistance to pay your energy bill.

The Low-Income Home Energy Assistance Program (LIHEAP) is a tax-free program offered by the federal government that provides one-time bill payments of up to \$1,000. Visit **211S an Diego.org** to find out more.

Energy bill discounts are also available through SDG&E's CARE and FERA programs, based on your household income as of today. And, if you have a qualifying medical condition, the Medical Baseline program can provide more bill relief.

Visit sdge.com/assistance to learn more about these programs.

If you simply need more time to pay your energy bill, please let us know by calling SDG&E's Customer Care Center at **1-800-411-7343** to set up payment arrangements. Help is here for you.

#### ¿Esta batallando para pagar su factura de energía?

SDG&E® está aquí para ayudar.

A Sempra Energy way

Aún si nunca ha recibido ayuda o está recibiendo actualmente beneficios de desempleo, usted puede ser elegible para asistencia financiera para pagar su factura de energía.

El Programa de Asistencia de Energía para Hogares de Bajos Ingresos (LIHEAP; por sus siglas en inglés) es un programa libre de impuestos ofrecido por el gobierno federal que proporciona pagos únicos de facturas de hasta \$1,000 dólares. Visite **211SanDiego.org** para más información.

Descuentos en la factura de energía también están disponibles a través de los programas CARE y FERA de SDG&E, con base en los ingresos de su hogar a partir de hoy. Y, si usted tiene una condición médica que cumple con los requisitos, el programa Medical Baseline puede proporcionar más alivio a su bolsillo.

Visite sdge.com/asistencia para más información sobre estos programas. Si simplemente necesita más tiempo para pagar su factura de energía, por favor háganoslo saber ilamando al Centro de Atención al Cliente de SDG&E al 1-800-411-7343 para establecer arregios de pago. Le ayudamos con gusto.

#### **CUSTOMER ASSISTANCE - LIHEAP TV SPOT**

On May 4, SDG&E began running an updated TV spot with a new voiceover to help promote both our customer assistance programs and LIHEAP. The spot will run on general market TV for two weeks from May 4 through May 26. It will then run on streaming TV from May 27 until the end of October with over **5 million impressions**.

#### CUSTOMER ASSISTANCE -LIHEAP STREAMING RADIO SPOT

#### CUSTOMER ASSISTANCE -LIHEAP STREAMING RADIO SPOT

In addition to the TV spot, we will also be running :30 second spots in English and Spanish on streaming radio. The spots will run May and June on streaming services such as iHeart Radio, Pandora and Spotify for a total of **5 million impressions**.

#### WEB PAGE UPDATES

We continue to make updates to our website to provide the most up-to-date and relevant information to our customers. **sdge.com/assistance** has been redesigned to make it more visually appealing as well as easier to navigate on mobile devices. Two new webpages have been created: one on LIHEAP and another on resources for businesses needing financial help and other support because of COVID.

#### E SOURCE RECOGNITION

## The top-performing COVID-19 social media posts

By Shelby Kuenzli

April 23, 2020

In this report, we share the top-performing COVID-19 social media posts from utilities. We also highlight the messages they're communicating and the engagement rates they're seeing. We reviewed over 150 utility social media accounts across the US and Canada for the purposes of this report. And we'll update this report weekly to keep you current on how other utilities are communicating about COVID-19 with their customers.

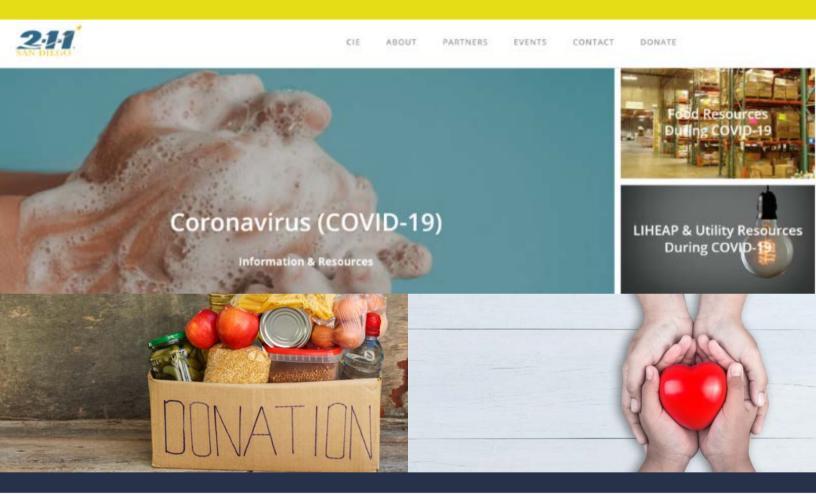

Utility	Social media channel	Type of post	Engagement total"	Engagement rate (%) <sup>b</sup>
Black Hills Energy	Facebook	Video	17,300	56.6
<u>Southern</u> <u>California Edison</u>	Instagram	Image and video carousel	2,830	16.6
Hydro Ottawa	Facebook	Image	876	10.4
SDG&E	Facebook	Infographic	827	8.0
Southern California Gas Co.	Instagram	Video	323	7.7
Middle Tennessee Electric Membership Corp.	Instagram	Video	70	7.2

### E SOURCE RECOGNITION

SDG&E was recognized for posting one of the top 5 COVID-19 related social media posts out of more than 150 utility industry peers by E Source. In their weekly report, they highlight the top performing posts and also include the messages that utilities are focusing on and which performed the highest. We were recognized for taking to social media to inform our customers about how we can assist/help them during this pandemic by highlighting CARE. FERA and LIHEAP.

# **COMMUNITY OUTREACH**

SDG&E continues to partner with our approximately 200 Energy Solutions Partners (i.e., community-based organizations) to amplify messages about bill assistance programs. These partners are provided with bi-weekly content to share via their social media channels, websites and newsletters. Recently, we provided our partners with extensive materials on COVID-19. The messaging covers topics such as how SDG&E is helping customers during COVID-19, the California Lifeline Program, the Low-Income Home Energy Assistance Program, and how to spot COVID-related scams.

Many of the partners continue to follow SDG&E on social media platforms, and SDG&E outreach advisors are increasing touchpoints through virtual meetings with the partners and presenting the material to customers through partner webinars.

To date, over 400 COVID-19 related messages have been shared. We have participated in 20 virtual partner meetings, and distributed information packets at six food distribution events.

# **MEDIA EFFORTS**

SDG&E's media outreach to highlight bill assistance programs and emergency relief has resulted in a number of articles and TV segments:
