

ED DATA REQUEST-002
SDG&E 2019 GRC – A.17-11-007
DATE RECEIVED: MAY 9, 2018
DATE RESPONDED: MAY 23, 2018

1. In SDG&E’s 2019 GRC application testimony, SDG&E-40-R (Miscellaneous Revenues, page ED-12, footnote 7), SDG&E states that it entered into a settlement agreement in January 2011 regarding distribution pole attachment fees (Advice Letter 2225-E), and that “[t]he set fees for 2017 – 2019 are as follows: \$16.35 for 2017, \$30.58 for 2018, and \$30.58 for 2019”. Advice Letter 2225-E, effective February 20, 2011, included an executed agreement between SDG&E and California Cable and Telecommunications Association (CCTA), Coxcom, Inc. (doing business as Cox Communications), Time Warner Cable LLC, and Cable USA for pole attachment rates for 2009-2016. On page 7 of that agreement, there is a section concerning “Rates for 2017” that states that “[a]t or around the beginning of January 2015, the Parties shall commence good faith discussions to develop the Rate structure for 2017...”. Please submit all documentation (including any amendments to the 2011 settlement agreement) that support SDG&E’s testimony regarding the set fees for 2017-2019. Please provide a response to this request to me by May 23rd.
