**BEFORE THE PUBLIC UTILITIES COMMISSION  
OF THE STATE OF CALIFORNIA**

Application of SAN DIEGO GAS & ELECTRIC  
COMPANY (U 902-E) for Approval of its 2022  
Electric Procurement Revenue Requirement  
Forecasts and GHG-Related Forecasts

Application 21-04-

**MOTION OF SAN DIEGO GAS & ELECTRIC COMPANY (U 902-E) FOR LEAVE TO  
FILE CONFIDENTIAL MATERIALS UNDER SEAL PURSUANT TO RULE 11.4**

Pursuant to Rule 11.4 of the California Public Utilities Commission’s (“Commission”) Rules of Practice and Procedure, Decisions (“D”) 06-06-066 and D.14-10-033, San Diego Gas & Electric Company (“SDG&E”) hereby files this Motion to File Under Seal regarding the confidential information in Attachment G to the Application of San Diego Gas & Electric Company (U-902-E) for Approval of its 2022 Electric Procurement Revenue Requirement Forecasts and GHG-Related Forecasts (“Application”). Specifically, as described in the Declarations of Praem Kodiath, Ryan Miller and Stacy Fuhrer (**Attachment A** to this Motion)<sup>1</sup>, SDG&E is seeking confidential treatment of limited greenhouse gas (“GHG”)-related information in Templates D-2 (Annual GHG Emissions and Associated Costs), D-4 (Costs and Revenues by Rate Schedule) and D-5 (History of Revenue, Costs, and Emissions Intensity), all of which are included in Attachment G (GHG Revenue and Reconciliation Form) to the Application. As Messrs. Kodiath and Miller and Ms. Fuhrer indicate, disclosure of this information would be inappropriate because disclosure of forecasts of GHG emissions, recorded and forecast GHG costs and energy sales forecasts would allow market participants to gain insight into SDG&E’s GHG obligations and procurement strategies, which would comprise SDG&E’s contractual bargaining power and cause customer costs to rise.

---

<sup>1</sup> These declarations are also attached to the testimonies of Stefan Covic, Scott Lewis and Stacy Fuhrer respectively.

In sum, the material for which SDG&E seeks confidential treatment is confidential according to D.06-06-066 and D.14-10-033. The confidential information should be protected as follows:

- the confidential information constitutes a particular type of data listed in the IOU Matrix;
- the confidential information is confidential in accordance with D.14-10-033;
- SDG&E is complying with the limitations on confidentiality specified in the IOU Matrix for each type of data;
- the confidential information is not already public; and
- the confidential information cannot be aggregated, redacted, summarized, masked or otherwise protected in a way that allows partial disclosure.

For good cause shown and because no party will be prejudiced by the redacted material set forth in the above-referenced Templates D-2, D-4 and D-5 to Attachment G to the Application, SDG&E respectfully requests that this Motion be granted. SDG&E has attached a Proposed Order for the Commission's use in granting this Motion (**Attachment B** to this Motion).

Respectfully submitted,

Roger A. Cerda

## SDG&E Request for Confidentiality on the following information in its Application for Approval of Its 2022 Electric Procurement Revenue Requirement Forecasts and GHG- Related Forecasts

Location of Protected Information	Legal Authority	Narrative Justification
<p>SC-23 Table 4, and Attachment E - SDG&amp;E Greenhouse Gas (GHG) Detail</p> <p>Application Appendix G, Template D-2: Forecasted Emissions and Costs, and Template D-5: Forecasted Emissions Intensity</p>	<p>D.14-10-033; D.16-08-024; D.17-05-035; D.17-09-023; Public Utilities Code Section 454.5(g).</p>	<p>The information does not expressly fall within any category of the IOU Matrix applicable to electric procurement information, but is market-sensitive information in that providing these GHG emissions forecasts to market participants would allow them to know SDG&amp;E’s forecasted GHG obligation, thereby compromising SDG&amp;E’s contractual bargaining power such that customer costs are likely to rise. Thus, the release of this non-public confidential information will unjustifiably allow market participants to use this information to the disadvantage of SDG&amp;E’s customers.</p>
