Information Only TOD Factor Workpapers

PUBLIC VERSION

August 29, 2023

Pursuant to D.19-02-007, SDG&E calculated TODs for informational purposes only. SDG&E used the 2024 prices from its April 2023 ERRRA filing and 2027 prices from its 2023 CEC IEPR demand forms. The prices from both filings with updated assumptions illustrate high correlation between TOD factors and pricing forecasts. Per OP 26 of D.19-12-042, below are workpapers to demonstrate the correlation between the public information-only TOD factors and SDG&E's confidential forecasts.
