

City of San Diego
#01
SDG&E PHASE 2 GRC PROCEEDING A.19-03-002
DATE RECEIVED: May 22, 2019
DATE RESPONDED: June 6, 2019

DATA REQUEST

1. Please provide copies of all of data requests received by SDG&E and all of SDG&E's responses to those data requests. If this information is available via the Internet, please provide instructions for accessing this information. If not, please provide this information via CD for the data requests received and responses provided. Please provide this information on a continuing basis as you receive and respond to data requests in this proceeding.

SDG&E Response: Please see the other attachments included in this email

2. Please provide copies of all data requested issued by SDG&E as well as copies of all responses received by SDG&E in this proceeding. If this information is available via the Internet, please provide instructions for accessing this information. If not, please provide this information via CD for the data requests received and responses provided. Please provide this information on a continuing basis as you receive and respond to data requests in this proceeding.

SDG&E Response: SDG&E has not issued any data requests.

3. Please provide all workpapers (both confidential and non-confidential) supporting A.19-03-002. If it is necessary for the City of San Diego to sign a non-disclosure agreement to obtain the confidential workpapers, please provide a copy of this non-disclosure agreement.

SDG&E Response: Please see the other attachments included in this email

4. In order to understand the financial impacts on the City of San Diego of SDG&E's current proposal in this proceeding, please provide a forecast of the monthly and annual charges for each and every City account as of 5/1/2019 using (1) SDG&E's current rates and (2) SDG&E's proposal in this proceeding. For each bill estimate, please assume the billing determinants for each account are the same for the period from (a) 1/1/2016 – 12/31/2017 and (b) 1/1/2017-12/31/2018. For each account, please include the SDG&E tariff, the account number, the monthly customer charges, the monthly energy charges, and the monthly demand charges (if applicable). In addition, for each account, please provide the applicable billing determinants (e.g., on-peak energy, semi-peak energy, off-peak energy, non-coincident demand, peak demand, off-peak demand, etc.) and corresponding rates. In addition, if SDG&E uses a non-MS Excel-based model to develop its estimates of monthly bills, please provide an MS-Excel-based formula that replicates the bill estimates that SDG&E provides that uses the billing determinants and rates presented in the response to this data request. If SDG&E does not provide estimates of monthly and annual charges for each City account,

City of San Diego
#01
SDG&E PHASE 2 GRC PROCEEDING A.19-03-002
DATE RECEIVED: May 22, 2019
DATE RESPONDED: June 6, 2019

please provide a list showing the account number for each account for which SDG&E does not provide a bill estimate and the reason that SDG&E did not provide a bill estimate.

SDG&E Response: SDG&E would like to have a call with the City to discuss this request, which it is in the process of scheduling, and waiting to hear back from the City on available times.
