NOTICE OF APPLICATION SAN DIEGO GAS & ELECTRIC COMPANY'S REQUEST TO CHANGE RATES FOR THE 2023 COST OF CAPITAL PROCEEDING APPLICATION FILING A.22-04-012

WHY AM I RECEIVING THIS NOTICE?

On April 20, 2022, San Diego Gas & Electric Company (SDG&E®) filed its Cost of Capital Application with the California Public Utilities Commission (CPUC) requesting a new rate of return for 2023-2025.

If the CPUC approves this application, the overall authorized rate of return will decrease from 7.55% to 7.48%, and SDG&E will reflect the change in electric and gas rates beginning January 1, 2023. This will impact your monthly bill.

WHY IS SDG&E REQUESTING THIS RATE CHANGE?

SDG&E is required to file its Cost of Capital Application every three years. In this proceeding, SDG&E requests that the CPUC determine the appropriate rate of return necessary to attract capital at reasonable rates and compensate the utility for business, regulatory, and financial risks. Rate of return is the weighted average cost of debt, preferred stock, and common equity. SDG&E's request is a decrease compared to its current rate of return. This decrease to SDG&E's rate of return results in a change to your rates: a decrease to electric rates and an increase to gas rates.

HOW COULD THIS AFFECT MY MONTHLY ELECTRIC AND GAS RATES?

If SDG&E's request is approved by the CPUC, SDG&E's rates for electric and gas service will be revised. The average residential electric monthly bill using 400 kWh per month would decrease by approximately \$0.01 or 0.00% per month in 2023. The average residential gas monthly bill using 23 therms per month would increase by approximately \$0.01 or 0.02% per month in 2023.

The illustrative showing below does not necessarily reflect the changes that you may see on your bill. Changes in individual bills will also depend on how much electricity or gas each customer uses.

HOW DOES THE REST OF THIS PROCESS WORK?

This application will be assigned to a CPUC Administrative Law Judge who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judge will issue a proposed decision that may adopt SDG&E's application, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.

Parties to the proceeding may review SDG&E's application, including the Public Advocates Office. The Public Advocates Office is an independent consumer advocate within the CPUC that represents customers to obtain the lowest possible rate for service consistent with reliable and safe service levels. For more information, please call 1-415-703-1584, email PublicAdvocatesOffice@cpuc.ca.gov, or visit PublicAdvocates.cpuc.ca.gov.
