**SUPPLEMENTAL TESTIMONY OF
BRENDA GETTIG – COST EFFECTIVENESS REPORT
CHAPTER 5B**

I. INTRODUCTION

The purpose of my supplemental testimony is to submit San Diego Gas & Electric Company’s (SDG&E) *Demand Response (DR) Cost Effectiveness Report as required by 2016 DR Cost Effectiveness Protocols* pursuant to the Assigned Commission’s Amended Scoping Memo and Ruling and Assigned Administrative Law Judge’s Ruling on Two Motions dated December 19, 2022 (Amended Scoping Memo).

II. SDG&E’S DR COST EFFECTIVENESS REPORT

The Amended Scoping Memo directs the utilities to submit their DR Cost-Effectiveness Reports spreadsheets as Supplemental Testimony by February 3, 2023.¹

The Amended Scoping Memo includes the following formatting requirements:

- Due to the potentially large size of the DR Cost-Effectiveness Report, links to electronic versions of the spreadsheet in the Supplemental Testimony are acceptable.
- Per the Protocols, “the spreadsheet file that is submitted should be named in a way that makes it obvious what it contains (*e.g.*, ‘SCE DR Report.xls’).²

Pursuant to this directive, **Appendix A** attached hereto contains a hyperlink that contains the electronic spreadsheet version of SDG&E’s DR Cost-Effectiveness Report, which reflects the data inputs and calculations used in the cost-effectiveness analysis set forth in the Prepared Direct Testimony of Brenda Gettig – Chapter 5B (May 2, 2022).

III. CONCLUSION

This concludes my supplemental testimony.

¹ Amended Scoping Memo, p. 3.
